Highlights

Phone line protection
These connectors accommodate an RJ11 cord, routing the telephone line through the surge protector to guard against spikes and surges.

EMI/RFI noise filtration
Built-in filtering technology ensures the best performance from your components. It guards against signal interference and loss of data.

V3 Advanced Surge Technology
This new surge protection technology provides 27% greater surge protection capacity and better heat dissipation for safe, more reliable and longer lasting surge protection.

8 outlets
Converts one outlet into eight outlets allowing you to plug in multiple devices from one single AC outlet.

Right angle plug
This flat design allows for more positioning options and lets furniture sit more closely to the wall.

Protection indicator light
This LED alert lights up to indicate the surge protector is working properly.

Cord management system
Collects the power cords and directs them away from the device in an organized fashion to keep the area clutter-free.

Power blocker
This automatic shutdown technology senses when the device has reached capacity and automatically shuts down electricity to your equipment. It protects against subsequent surges, even if you are not present

€300.000 equipment warranty
Protects your connected equipment for the life of the product.

2 m power cord
Provides power to the unit which can be 2 m from the AC outlet.
